To make the departments further strong academically, in depth interaction was carried out by the audit committee, following are some suggestions for improvement.

1. The faculty members who are pursuing their research work or wish to do so publish their papers in the journals as per the instructions.
2. Those with Ph. D proceed further for the recognition of research guide.
3. Faculty members should apply for Research projects.
4. Very few departments have MOU and linkages hence all the departments need to work on it and create Linkages with Industries and academics that will give benefits to the students.
5. Departments have library for students but looking into student's strength more number of books are required, to overcome this departments can borrow books from library.
